**Notes:**

1. In Quebec, federal tax is reduced by 16.5% for Quebec's abatement of basic federal tax.
2. Individuals may also be subject to provincial health levies. See **Provincial Health Care Premiums – 2021**.
3. Instead of provincial or territorial tax, non-residents pay an additional 48% of basic federal tax on income taxable in Canada that is not earned in a province or territory. Non-residents are subject to provincial or territorial rates (in this table) on employment income earned, and business income connected with a permanent establishment, in the respective province or territory. Different rates may apply to non-residents in other circumstances.
